

ARTY ACCENT

A compact spotlight that handles many different lighting situations

Available for all Ljusdesign lighting systems

Small and stylish

Interchangeable lenses

Arty Accent (formerly Arty PAR) is a medium-sized spotlight capable of handling most lighting situations. It features a compact and robust lamp housing made of aluminium.

While based on our reliable Dinkey platform, Arty Accent typically offers a higher power and light output comparatively.

Despite being a young spotlight, Arty Accent has already seen a number of improvements, including tool-less removal of lenses, filter holder implementation, as well as the addition of a Honeycomb accessory.

Arty Accent is available for the following lighting systems:
