+ all Versions above with the /P option  
+ all Versions above with the /X option  
+ all Versions above with the /W option

+ all Versions above with the /T option  
+ all Versions above with the /A option  
+ all Versions above with the /TR option  
+ all Versions above with the /ND option  
+ all Versions above with the /Q option

are approved for use in Europe and Australia/New Zealand and conform to the following standards:

#### European Norms

EN 55103-1  
EN 55103-2  
EN 60335-1

#### Australian / New Zealand Standards

AS/NZS 4251.1  
AS/NZS 4252.1  
AS/NZS 3350.1

Conformance has been achieved for intended usage in environment E2: Commercial and Light Industrial.

To ensure continued compliance with EMC Directive 89/336, only high quality data cables with continuous shield, and connectors with conductive back shells should be used.

Examples of such cables are: DMX: Belden 8102 (100% Aluminium foil screen, 65% Copper braid).
